

**Aviation Rulemaking Advisory Committee; Air Carrier/General Aviation Maintenance Subcommittee; Part 65 Working Group**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of establishment of part 65 Working Group.

**SUMMARY:** Notice is given of the establishment of a part 65 Working Group by the Air Carrier/General Aviation Maintenance Subcommittee of the Aviation Rulemaking Advisory Committee. This notice informs the public of the activities of the Air Carrier/General Aviation Maintenance Subcommittee of the Aviation Rulemaking Advisory Committee.

**FOR FURTHER INFORMATION CONTACT:** Mr. William J. White, Executive Director, Air Carrier/General Aviation Maintenance Subcommittee, Flight Standards Service (AFS-2), 800 Independence Avenue SW., Washington, DC 20591, Telephone: (202) 267-8237; FAX: (202) 267-5230.

**SUPPLEMENTARY INFORMATION:** The Federal Aviation Administration (FAA) established an Aviation Rulemaking Advisory Committee (56 FR 2190, January 22, 1991) which held its first meeting on May 23, 1991 (56 FR 20492, May 3, 1991). The Air Carrier/General Aviation Maintenance Subcommittee was established at that meeting to provide advice and recommendations to the Director, Flight Standards Service, regarding mechanic certification and approved training schools outlined in parts 65 and 147 and the maintenance standards for parts 23, 25, 27, 29, 31, 33, and 35 aircraft, engines, propellers, and their component parts and parallel provisions in parts 21, 43, 91, 121, 125, 127, 129, 133, 135, and 137 of the Federal Aviation Regulations (FAR). At its first meeting on May 24, 1991 (56 FR 20492, May 3, 1991), the subcommittee established the part 65 Working Group.

Specifically, the working group's task is the following:

Development of a notice of proposed rulemaking for part 65 of the FAR. Part 65 has not been revised for over 20 years, and changes in the knowledge, skills, and abilities required for today's aviation maintenance technicians have advanced significantly.

The part 65 Working Group will be comprised of experts from those organizations having an interest in the task assigned to it. A working group member need not necessarily be a representative of one of the organizations of the parent Air Carrier/General Aviation Maintenance Subcommittee or of the full Aviation Rulemaking Advisory Committee. An individual who has expertise in the subject matter and wishes to become a member of the working group should write the person listed under the caption "FOR FURTHER INFORMATION CONTACT" expressing that desire and describing his or her interest in the task and the expertise he or she would bring to the working group. The request will be reviewed with the subcommittee chair and working group leader, and the individual advised whether or not the request can be accommodated.

The Secretary of Transportation has determined that the formation and use of the Aviation Rulemaking Advisory Committee and its subcommittees are necessary in the public interest in connection with the performance of duties imposed on the FAA by law. Meetings of the full committee and any subcommittees will be open to the public except as authorized by section 10(d) of the Federal Advisory Committee Act. Meetings of the part 65 Working Group will not be open to the public, except to the extent that individuals with an interest and expertise are selected to participate. No public announcement of working group meetings will be made.

Issued in Washington, DC, on August 20, 1991.

William J. White,  
Executive Director, Air Carrier/General Aviation Maintenance Subcommittee,  
Aviation Rulemaking Advisory Committee.
